

1 Welcome & Your Mission in Plain English

Welcome to the executive team, Samrudhi! At HRL International, our engineering team builds cutting-edge GPU software, AI inference engines (like RTX-LocalAI delivering 1,538+ tokens/sec), and Blackmagic DaVinci Resolve video plugins.

Your role as Chief Government Relations Officer (CGRO) is our strategic pillar: While engineering builds the technology, you lead sovereign government recognition, grant funding acquisitions, and regulatory expansions across India and the United States.

2 The 3 Big Government Priorities in India

Government Program	What It Gives Us	Your Exact Task
1. DPIIT Startup India Central Government	Section 80-IAC: 3 years 100% Tax Holiday. 80% Discount on Patent Filings. - Exemption from turnover criteria in Govt tenders.	Complete the official application on startupindia.gov.in using our ready pitch one-pager.
2. Karnataka ELEVATE Dept of IT & BT, Karnataka	₹50 Lakhs Grant-in-Aid (100% free grant — we give 0% equity to anyone). - Priority points for Mangaluru (Tier-2 Hub).	Monitor ELEVATE grant cycles and submit our proposal under the <i>Beyond Bengaluru</i> IT mission.
3. MeitY Schemes & SISFS Ministry of Electronics & IT	- Up to ₹50 Lakhs Seed Fund (SISFS). MeitY GENESIS: Funding specifically for Tier-2 AI & Deep-Tech startups.	Liaise with our partnering E-Cell incubators (IIT Bombay / Sahyadri) to route funding.

3 United States Expansion: HRL International, Inc. (Delaware)

Why We Are Setting Up in the USA:

To accept USD payments from creators worldwide, raise venture capital from top US firms (like Y Combinator / Sequoia), and bid on US software contracts, we are incorporating **HRL International, Inc.** in Delaware.

- Delaware C-Corp:** The gold standard for global tech startups.
- IRS US Employer ID (EIN):** Federal tax identification for corporate US banking.
- Mercury Bank (USD Account):** Holds USD reserves with zero wire friction and direct Stripe US integration.
- Form W-8BEN-E:** Under the US-India Tax Treaty (DTAA), this stops the US from deducting 30% tax on our software sales.

4 Golden Rules for Security & Collaboration

- Dual-Authorization Rule:** Every government grant, MCA submission, or portal entry must be reviewed jointly by both Pavan and Samrudhi before clicking final submit.
- Zero-Leak Privacy:** Never send raw Aadhaar, PAN, passport photos, or Digital Signature (DSC) passwords over unencrypted social media apps.
- Official Routing:** All institutional communication must be sent through our official organization email: hrlinternationalprivatelimited@gmail.com.

5 Immediate Action Checklist for This Week

- ☐ **Task 1** : Review and verify your official profile entry on the Startup Portal (Role: *Chief Government Relations Officer*).
- ☐ **Task 2** : Verify the Startup Name is entered as **HRL International** (no "Private Limited" suffix in the brand field).
- ☐ **Task 3** : Confirm our official website URL is set to <https://hrl-brand-seo.vercel.app/> .
- ☐ **Task 4** : Upload our official 250x250px logo (saved on Desktop: [HRL_Logo_250x250.png](#)).
- ☐ **Task 5** : Familiarize yourself with the master operational playbook on GitHub: github.com/hrlpavan/hrlpavan .
