

HRL INTERNATIONAL PRIVATE LIMITED

"We Can Do Everything Related To Software Sector Without Any Excuses!"

AUTONOMOUS VISUAL COMPUTING & ENTERPRISE DEEP-TECH SYSTEMS • MANGALURU, KARNATAKA, INDIA

⚠️ STATUTORY INTELLECTUAL PROPERTY & BRAND PROTECTION NOTICE

All source codes, C++/Metal/CUDA shaders, neural models, brand names, and algorithms created by HRL International are protected under the **Trade Marks Act 1999, Indian Copyright Act 1957, Patents Act 1970, 17 U.S.C. § 512 DMCA, and WIPO Madrid System**. Any unauthorized piracy, scraping, trademark passing-off, or defamation will trigger **immediate criminal FIR registration, police seizure, and multi-crore civil damage suits**.

PILLAR 1.0**Trademark & Brand Assets**

TRADEMARK PROTECTED

- Protected Marks:** HRL™, HRL INTERNATIONAL™, HRL FLIX™, HRL EFX™, AI CINEMATIC HAZE™, INVIGIMATRIX™, OMNITRANSFORM AI™.
- NICE Classes:** Class 9 (Software & GPU Runtimes), Class 38 (Streaming), Class 41 (Education), Class 42 (Enterprise SaaS & AI Research).
- Passing Off Prohibition:** Using identical or deceptively similar marks to confuse creators or consumers is a cognizable criminal offense under Sections 103/104 of the Trade Marks Act.

PILLAR 2.0**Copyright & Software IP**

ALL RIGHTS RESERVED

- Proprietary Shaders:** C++17/20, Apple Metal (MSL), and NVIDIA CUDA kernels are copyrighted works under the Indian Copyright Act 1957 and Berne Convention.
- Anti-Decompilation:** Decompiling, reverse-engineering, or extracting ONNX neural graph weights is punishable under Section 65A (Circumvention of Tech Measures).
- Local GPU Execution:** Creative video media is processed 100% on-device with zero cloud telemetry, preserving full creator copyright.

PILLAR 3.0**DMCA & Takedown Notices**

17 U.S.C. § 512

- Designated Agent:** Formal notices of infringement must be directed to hrlinternationalprivatelimited@gmail.com.
- Mandatory Elements:** Physical/electronic signature, identification of copyrighted work, exact infringing URLs, and good-faith statement under penalty of perjury.
- Repeat Infringer Policy:** Immediate revocation of software licenses, GitHub repository takedowns, and hosting provider blacklisting.

PILLAR 4.0**Sovereign Grants & Anti-Ragging**

STRICT COMPLIANCE

- Government Grant Assets:** Projects are backed under Startup India (SISFS) and Karnataka ELEVATE (Idea2POC); sabotage attracts state economic offense scrutiny.
- Zero-Tolerance Ragging:** Ridiculing research initiatives in academic forums (~65 students) triggers Karnataka Anti-Ragging Act 1998 criminal prosecution.
- Corporate Defamation:** Malicious character assassination is prosecuted under Sections 351, 352, and 356 of Bharatiya Nyaya Sanhita 2023.

⚖️ STATUTORY LIABILITIES & LEGAL PROCEEDINGS INFRINGERS WILL FACE**1. Criminal FIR & Device Seizure**

Immediate filing under **Sec 63/64 Copyright Act (up to 3 years imprisonment + warrantless police seizure)** and **Sec 103/104 Trade Marks Act** before Mangaluru Police.

2. Cyber Crime & Hacking Charges

Prosecution under **Sections 43, 66, and 66C of the IT Act, 2000** for unauthorized extraction of proprietary algorithms, API scraping, and digital harassment.

3. Multi-Crore Civil Damages

Filing of commercial tort suits claiming **punitive damages up to ₹1,00,00,000 (Rupees One Crore)**, asset freezes (Anton Piller orders), and disgorgement of illicit profits.

Forensic Admissibility: Digital evidence, server logs, and chat records are certified under Section 65B of the Indian Evidence Act.

Global Jurisdiction: Mangaluru Courts, High Court of Karnataka & WIPO Arbitration Center
