- That the Complainants are hardworking final-year engineering students actively pursuing high-impact engineering architectures and national deep-tech software solutions formulated in alignment with **Central Government Initiatives** (Startup India, Karnataka ELEVATE, and National Innovation Grants).
- That on **[Date of Incident]** at approximately **[Time]**, within the official/semi-official academic class communication group comprising approximately **65 students and peers**, the Complainants were sharing and academically discussing progress regarding their major engineering project.

3. That the five (5) named Accused persons acted in active concert and premeditated collusion to systematically target, ridicule, demean, mock, and publicly humiliate the Complainants in front of the entire 65-member academic peer group.
